

Dear EBBS members, I hope to find you well.

2023 EBBS meeting in Amsterdam, 26-29 August

The **2023 EBBS meeting** is rapidly approaching (<https://ebbs2023.azuleon.org/home>). As this will be the 50th EBBS meeting, it is a special event for our Society that deserves a special celebration. I am hoping to be able to meet most of you and to celebrate together!

I am proud to inform you that we have built a great scientific program. We have a wonderful line up of **Plenary speakers and symposia**. Findings obtained using the most innovative approaches in neuroscientific fields, from molecular neurobiology to computational psychiatry, will be presented. In addition, **special “Hot topic” sessions** will allow large discussions chaired by renowned experts on controversial theoretical and technical issues. Young researchers will also have the opportunity to directly interact and discuss with senior scientists during the **“Meet the expert” sessions**. In addition, there will be a number of social activities, such as the **Young researchers party** and EBBS 50th birthday celebration dinner & party. Please check <https://ebbs2023.azuleon.org/programme> for details. I want to especially thank the local organizer **Aniko Korosi**, who has done a fantastic job in the organization of the meeting that I am certain will be a great success.

To register and for further info, see <https://ebbs2023.azuleon.org/registration>. The **deadlines** are **June 30th for abstract submission** and **July 21st for online registration to the meeting**.
